

Finite-Temperature Non-Equilibrium Superfluid Systems

19-23 February 2018, Wanaka, New Zealand

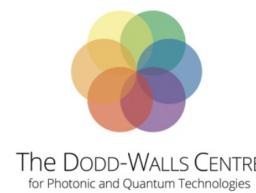

Invited Speakers

- Brian Anderson, University of Arizona
- Blair Blakie, University of Otago
- Leticia Cugliandolo, Université Pierre et Marie Curie
- Matthew Davis, University of Queensland
- Eugene Demler, Harvard University
- Piotr Deuar, Institute of Physics, Polish Academy of Sciences
- Michael Fleischhauer, Technische Universität Kaiserslautern
- Simon Gardiner, University of Durham
- Thomas Gasenzer, Universität Heidelberg
- Leonid Glazman, Yale University
- Christian Groß, Max-Planck-Institut für Quantenoptik
- Dieter Jaksch, University of Oxford
- Aditi Mitra, New York University
- Elena Ostrovskaya, Australian National University
- Herwig Ott, Technische Universität Kaiserslautern
- Meera Parish, Monash University
- Nick Proukakis, Newcastle University
- Ana Maria Rey, University of Colorado, Boulder
- Yong-Il Shin, Seoul National University
- Tapio Simula, Monash University
- David Snoke, University of Pittsburgh
- Boris Svistunov, University of Massachusetts, Amherst
- Marzena Szymanska, University College London
- Jacques Tempere, University of Antwerp
- Peter Zoller, Universität Innsbruck

Hot Topic Speakers

- Mikkel Andersen, University of Otago
- Kris Helmerson, Monash University
- Sascha Hoinka, Swinburne University
- Niels Kjærgaard, University of Otago
- Tyler Neely, University of Queensland
- Dario Poletti, Singapore University of Tech. and Design
- Axel Pelster, Technische Universität Kaiserslautern
- Maximilian Prüfer, Heidelberg University
- Christiane Morais Smith, University of Utrecht
- Manfred Mark, Universität Innsbruck
- Dries Sels, Harvard University
- Hiromitsu Takeuchi, Osaka City University

Scientific Advisory Committee

- Ana Maria Rey, JILA & NIST, University of Colorado, Boulder
Matthias Troyer, Institut f. Theoretische Physik, ETH Zurich, Switzerland
Immanuel Bloch, Max Planck Institute for Quantum Optics, Germany
Simon Gardiner, University of Durham, UK
Marzena Szymanska, University College London, UK
Thomas Gasenzer, Heidelberg University, Germany
Michael Fleischhauer, Kaiserslautern University of Technology, Germany
Nick Proukakis, University of Newcastle, UK
Luis Santos, University of Hannover, Germany

Organizers

- Ashton Bradley, University of Otago, NZ
(Local Organiser and Chair)
Andrew Daley, University of Strathclyde, Glasgow UK (International Chair)
Joachim Brand, New Zealand Institute for Advanced Study, Massey University
David Hutchinson, Dodd-Walls Centre for Photonic and Quantum Technologies, University of Otago, NZ
